

saipan Chamber of Commerce

Student Career Exploration Day

Company Application

Wednesday, December 2, 2015

The Saipan Chamber of Commerce believes it important that high school students be given an opportunity to experience a day in the life of a private business employee. The Chamber is sponsoring its sixth annual Student Career Exploration Day for high school juniors and seniors to “shadow” employees in the private business sector. Students can be assigned to administrative staff (manager, accountant, etc.) or front line workers (sales people, mechanic, graphic artist, receptionist, etc.). Students may not engage in any work-related activities prohibited by law or regulation.

Please support this important and successful Chamber program.

If your business is able to sponsor one or more students for this day, please complete the information below for each student to be sponsored. Applications are due in the Chamber office no later than Friday, **November 20, 2015.**

Any questions? Please call the Chamber office at 234-7150.
